

[From Commerce.gov](#)

The Office of Business Liaison serves as the primary point of contact between the Department of Commerce and the business community.

Objectives of the Office

- To develop a pro-active, responsive and effective outreach program and relationship with the business community.
- To inform the Secretary, the Department and Administration officials of the critical issues facing the business community.
- To inform the business community of Department and Administration resources, policies and programs.
- To provide outreach to the business community including arranging meetings and briefings with Department officials.
- To guide individuals and businesses to the Department of Commerce offices and policy experts best suited to respond to their needs.
